### Marathon Race Planned For Crack Runners of El Paso

ARATHON runners are to have their inning, just as soon as a suitable trophy can be hung up for competition among the distance men of El Paso and this vicinity. Several good distance runners in El Paso are anxious for recognition on the track, and the announcement that a silver cup or trophy will be donated by an El Paso merchant would bring a large number out. The C. A. A. is supposed to have at least one good cinder man or cross country man, the Y. M. C. A. two, while there are others in the city, working out daily in preparation for a long run.

The county road is one of the best tracks for a distance run that could be had, and a marathon over that route would doubtless be a card. The high school has Perry Ross, considered one of the lightest and fleetest men on the pedali course. J. S. P. Gaffield, a printer, is rated as one of the best in the southwest.
